

This season, farmers markets are transitioning from community gathering spaces to transaction based markets, or IN-and-OUT Markets.

## **CUSTOMER GUIDELINES FOR THE 2021 OBERLIN FARMERS MARKET SEASON**

- If you are sick, stay home.
- Maintain a 6' social distance between yourself, vendors, and other customers.
- Don't touch products, rather allow the vendor to select and bag the products you wish to purchase.
- If you sneeze or cough, do so only into a tissue or into the crease of your elbow. Avoid touching your eyes, nose, and mouth.
- Clean your hands frequently using hand sanitizer provided at stations.
- Wearing a cloth face covering is strongly recommended.
- At home, wash all products before using.

**Be patient, and kind - we're all in this together.**
